the rankest infidelity and indifferentism - Rank to rebuke Sin and Vice - Crime - of which we hardly have a parallel in the World's history; - to Minister in the midst of the Yellow fever - to give Christian burial - if possible - to the dead and to call wandering, straggling souls back to the fold of God. -

The anxiety of those first years cannot be told. I was ever learning of my own weakness - Obstacles were removed - how I knew not - Our Work was blessed as by a Miracle. - The Grandest Work - I believe that Ever a Church - a branch of the Church had to do - was before us - and yet I was compelled almost at the very outset to beg my own salary - I have had to do so ever since - I found no system - no organization at home to respond the needs of our Mission. - From year to year petitions have been Made and resolutions passed - I have repeated them in the hearing of my people time after time until I am ashamed to meet them. -
